Westover Nursery Company

Clayton, St. Louis Co., Mo.

Telephone: Wydown 202

General Directions

Location—Our grounds are on the Olive Street Road, just west of the North and South Road; one mile west of Creve Coeur car line.

Visitors are Welcome

The public is cordially invited to visit our nurseries, and visitors are not annoyed by solicitations of a commercial nature.

Westover Display Grounds

For the benefit of our customers we have planted a large portion of our grounds near our office, where may be found practically every variety of plant we grow, and where you may obtain ideas as to the desirability of the various specimens, by seeing the plants in bloom.

Prices

Prices noted in this catalogue are net, f. o. b. St. Louis. Special prices quoted on application for lots in excess of 1,000.

5 to 25 take 10 rate.

25 to 100 take 100 rate.

Unless otherwise specified, all shipments outside of the City of St. Louis and St. Louis County go forward by express.

All orders are accepted subject to prior sale and loss caused by drought, fire, hail or other causes beyond our control.

Prices subject to change without notice.

Terms

Cash must accompany all orders to insure prompt shipment.

Parties desiring credit must furnish satisfactory references and allow sufficient time for investigation. When credit is extended, invoice will be mailed on day of shipment and payment must be made on the 10th of the month following date of invoice.

No orders accepted for C. O. D. shipment.

Guarantee

We are vitally interested in the success of everything purchased from us. We will cheerfully advise you what, where and when to plant. We will advise you how to care for stock after planting. All products sold by us are of selected quality, and when promptly and properly planted and given ordinary care, should thrive under the severe climatic conditions peculiar to this section, where they are grown.

We do not guarantee stock to grow, or results in any way. No complaint will be entertained that is not made immediately upon receipt of stock.

There are so many causes for failure over which we have no control that we can assume no responsibility after stock is delivered in good order. Poor soil, unfavorable weather, ignorant or careless culture, all contribute to failure and are beyond our control.

Our warranty insures the purchaser obtaining healthy, vigorous plants true to name.

Landscape Contracting

Having recently acquired several large greenhouses, for the purpose of growing pot and bedding plants in addition to our general line of ornamental fruit and shade trees, evergreens, shrubs and hardy perennials, we find we are obliged to discontinue our landscape department, as it is a profession quite apart from the growing end of the industry, but we are in close touch with all the leading landscape architects and gardeners and will gladly furnish customers with the names of reliable specialists in this line, who are prepared to estimate on contracts of any magnitude.

State Inspection

The *Westover Nurseries* are inspected at frequent intervals during the year by the Nursery and Orchard Inspection Service of the Department of Agriculture of the State of Missouri; a Department Certificate of Inspection, attesting the fact that our nurseries are free from parasitic growths and harmful insects, accompanies each shipment.

Trees for Immediate Effect

There has been such a great demand for large trees that we have recently acquired one of the most approved moving devices, and are now equipped to transplant trees, either from the nursery or from the forest, which will save the planter many years of waiting.

The Westover Nursery is near the city limits, very accessible by
motor car or trolley
